The Honorable Patrick L. McCrory
Governor of North Carolina
Office of the Governor
Raleigh, North Carolina 27611

Dear Governor McCrory:

The State Board of Registration for Foresters is pleased to present to you and the citizens of North Carolina this Roster of Registered Foresters for 2013-2014. The roster is being distributed to offices of the North Carolina Division of Forest Resources and to Clerk of Court offices throughout the state, and is available to all interested parties. It is important for North Carolina's citizens to realize that forestry provides $23 billion annually to the state's economy as well as playing a lead role in the overall environmental well being of the state. It is critical that North Carolina's forests be managed wisely in a sustainable manner to ensure their continued environmental and economic viability. The registration program for Foresters is a means through which standards and continuing accreditation are maintained to identify those individuals fully educated and trained in the scientific procedures needed to fulfill this responsibility.

Since the registration law was passed in 1975, there have been 1741 foresters who have qualified for registration with 901 currently registered. It is the continuing objective of this program to ensure the public that they deserve and can expect competent, ethical, professional forestry services from all registered foresters. The Board looks forward to being of further service to you and all citizens of North Carolina.

Sincerely,

Daniel W. Edwards
Chairman
R.F. # 612

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of the State Board of Registration for Foresters as of and for the years ended June 30, 2013 and 2012, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the State Board of Registration for Foresters as of June 30, 2013 and 2012, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 2 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide an assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The work must be of a character acceptable to the Board. Graduation with an Associate Applied Science degree in a forestry curriculum in a school or college approved by the Board is the equivalent of one year of experience. (b1) The Board may issue a forester-in-training certificate to an applicant who has completed the educational requirements under subdivision (a)(1) of this section.

(c) A nonresident of North Carolina may become a registered forester under this Chapter by complying with its terms, and by filing a consent as to service of process and pleadings upon the Board secretary. In connection with the practice of forestry by such nonresident in North Carolina, the consent as to service of process and pleadings shall be held binding and valid in all courts, as if due service had been made personally upon said nonresident by the Board, when such process has been served upon the Board secretary.

(d) A nonresident or person who has moved to North Carolina recently and who is registered as a registered forester in another jurisdiction may be registered under this Chapter, by written application to the Board, if that jurisdiction provides for the same or substantially the same registration for North Carolina foresters who are registered under this Chapter.

(e) A nonresident of North Carolina may use the term "registered forester" or other titles otherwise prohibited by this Chapter in North Carolina without becoming registered under this Chapter if registered in another state which will reciprocate with the provision of this Chapter. (1975, c. 531, s. 9; 1998-157, s. 1.)

An additional fee, not to exceed forty dollars ($40.00), shall be paid upon

If the Board denies a certificate of registration to any applicant, the initial application fee deposited by the applicant shall be retained by the Board.

(b) It is unlawful for any person to provide false or forged information to the Board or a member of the Board in obtaining a certificate of registration. (1975, c. 531, s. 10; 1989, c. 245, s. 1; 1998-157, s. 1.)

§ 89B-11. Expiration and renewals; continuing education.

(a) Registrations shall expire on the last day of June following issuance or renewal and shall become invalid after that date unless renewed. The secretary of the Board shall notify every person registered under this Chapter, at the person's last registered address, of the date of the expiration of registration and the amount of fee required for its renewal for one year. The notices shall be mailed at least 30 days prior to the expiration date of the registrations. The annual renewal fee for certificates shall be in an amount established by the Board, not to exceed fifty dollars ($50.00). The fee for issuance of replacement certificates of registration shall be five dollars ($5.00).

Any registration which has expired may be renewed by paying the registration fee plus one-twelfth of the annual renewal fee per calendar month from the date of expiration. Charges above the renewal fee shall not exceed an amount equal to the renewal fee.

(b) The Board shall require registered foresters to attend continuing education courses approved by the Board, not to exceed 12 hours per year, as a condition of renewal. (1975, c. 531, s. 11; 1989, c. 245, s. 2; 1998-157, s. 1.)

§ 89B-12. Examinations.

When written examinations are required, they shall be held at the time and places in the State of North Carolina as the Board shall determine. The methods of procedure will be described by the Board. A candidate failing an examination may apply for reexamination after six months and will be reexamined with payment of an additional fee established by the Board, not to exceed fifty dollars ($50.00). Subsequent examinations will be granted upon payment of this fee for each examination. The Board may limit an applicant to three examinations. (1975, c. 531, s. 12; 1998-157, s. 1.)

§ 89B-13. Revocations and reissuance of registration.

The Board may revoke or suspend the certificate of registration of any registrant who it finds has committed gross negligence, fraud, deceit or flagrant misconduct in the practice of forestry or has demonstrated incompetence as a practicing forester. The Board may designate a person or persons to investigate and report to it upon any charges of fraud, deceit, gross negligence, incompetency or other misconduct by a registrant in the practice of forestry.

Any person may prefer charges against a registrant. The charges shall be in writing, sworn to by the person making them, and filed with the secretary of the Board. The time and place for a hearing before the Board shall be fixed by the Board. At any hearing the accused may appear in person or by counsel. The Board may reissue a certificate of registration to any person whose certificate of registration has been revoked or suspended. (1975, c. 531, s. 13; 1998-157, s. 1.)

§ 89B-14. Roster of registered foresters; consulting forester affidavit.

(a) A roster showing the names, registration numbers, and places of business residence of all registrants under this Chapter shall be prepared annually by the secretary of the Board. Copies of this roster shall be placed on file with the Secretary of State of North Carolina and

each clerk of superior court in North Carolina. A copy shall be sent to each registrant, and copies may be furnished to the public upon request and upon payment of a fee set by the Board.

(b) Each consulting forester shall annually file with the Board an affidavit of its compliance with this Chapter. (1975, c. 531, s. 14; 1998-157, s. 1.)

§ 89B-15. Violation.
